

The feds shut the site down, but I miss Silk Road  
They sold illegal shit, and that's the reason I got my first gun  
Used to load my site and go and buy illegal drugs  
But last year, they got hip to us, and shut the site down  
One time I logged into the dark net and seen some dead bodies  
Then I witness somebody kill they self in the red room  
It was dark as hell, a white girl in the bathroom  
She overdosed on pills, all you seen is some perfumes

Stole a SSN, I snuck in my daddy bedroom  
He used to have his gun cards on the headboard  
Then, I copied his I.D. and went into some stores  
But they couldn't tell 'cause I look just like that nigga  
My cousin has a decoy, then I robbed him with some action figures  
Just started fucking with the basics this year, and I made six figures  
A minion tried to run off with my money, and I cut off his fingers  
Cat-fished a lame white-boy for six thousand on Tinder  
Scammed a camera-man for a video, then blocked him on Twitter  
I said "Fuck Donald Trump" and he blocked me on Twitter  
He ain't turned off his location, so I traced him through twitter  
Stole an old lady credit card, man, I know why she bitter  
Caught her slipping one day, she ain't locked up her house  
Soon as I seen her pull off, I snuck into her house  
And, I found a couple credit cards between the couch  
Soon as I see her pull up, damn, I'm leaving now

They banned my whole Instagram for impersonation  
That was in 2012, was doing cash flip  
I just got a couple money orders, 'bout to cash 'em in  
How you getting jacks, I never seen you in the cash-in spot
