Stimulus Package

TeejayX6

Remember when I used to stress about my last meal
Ran off on my plug 'cause he was givin' me bad deals
Told me he had some Percs but he was sellin' me Advil
So I put a hit out on that nigga, wonder how that feels
I just took a loss on 10k, that's a scary feeling
Back in high school, I got locked up, I was in children's village
They locked a nigga up for three years
My cousin got caught with a strap and got three years
Ran up ten on the juug page, it took three days
All it took to post some fake iPhones on eBay
Woke up too late, now my package got delayed
You was supposed to stick with your team, why you trade?
I'm finna meet up with the plug and make an exchange
Scammed this one bitch from out the country, had to currency exchange
She just sent a nigga 4k
I just grabbed an eight, but I'ma pour up four lines
I just bought four juug phones, I got four lines
Scammed a lil' dumbass nigga about four times
Nigga tried to rob me and he ended up in Beaumont
That's a hospital, if you ain't know, you know now
Just picked up a bad ass bitch, it's finna go down
I'm finna sign a million dollar deal from Motown
I told them niggas cut the whole check
I heard he don't really fuck hoes, he havin' phone sex
I'm fucked up in the crib right now, havin' cold sweats
That's 'cause I ain't pour up no lean or pop a Percocet
That shit got a nigga withdrawlin'
Drop a fake check, hit the ATM and withdrawl it
I'm 'bout to take my bitch to the mall to buy a new doggy
I'm finna go to Revive so I can get a new joggy
I told them niggas I need Palm Angels
Fucked this one ho at her crib, she ain't have cable
He got a new Gucci shirt on but I heard it's fluke
A lame nigga tried to cop some lean, but I ro'd his juice (Tee-hee-hee)
I hit that nigga with the woo-wop
Just bought a new shirt and this bitch say "Guwop" (Gucci)
Broke ass bitch wearin' fake Emilio Pucci
And I caught a bitch at Foreman Mills shoppin' for Coogi
Took a Asian bitch out to eat, she wanted sushi
Why I just catch a bum ass nigga smokin' a loosie? (The hell?)
And I used a piece online to order some Louis
Lil' niggas don't know how to swipe 'cause they stupid
I think that lil' nigga confused
My cousin on the road right now with blues
Broke ass nigga at the store gettin' a brew
I need to get high right now, I ain't in the mood
Everybody keep botherin' me
Fucked this lil' bitch two times, she keep stalkin' me

Huh, I just took ten fake pints to Milwaukee
Now the promoters don't wanna book me
Huh, sold a nigga White Widow, told his ass it's Cookie
Got your bitch callin' off work, playin' hooky
Dog said it's on when he see me, told him "Handle that"
Sold a nigga four and a half all candle wax
Hundred fake Percs for the ten, that's a Bandaid
Sold this nigga bitch for a slip on Backpage

Thinkin' 'bout my past, shit got my mind racin'
OT, we had a hundred-one spots, Dalmatian
Rob a nigga for his re-up money, that's a donation
Huh, Boldy, this nigga really sent his fuckin' location
Intercept the pack, put the bag back in rotation
Huh, get a nigga whacked, send him on a long vacation
Me and Lonnie on that kidnap and that home invasion
Huh, me and Boldy in the dope spot 'til the feds raid it
All these blow fumes in the kitchen got my head bangin'
Took off on my plug back to back, I heard he lookin' for me
Dope ain't comin' back, I had to tell Lonnie to cook it for me
Huh, ain't put enough cut on it, almost killed our junkie
I think my bitch been sniffin' coke, her nose always runny
You think the niggas you with with the shit, but they crash dummies
I just bagged all my mans on this pill line
Cause gave a life sentence back and that's on real time
