

Outta town, dropping checks, hoe

Outta town, dropping check, I just ran into the police
Fucked my Cash app up, now I can't even receive
Made some shit off the swiping that you wouldn't even believe
FedEx banned my address, now I can't even receive
The bank play went through, now a nigga feel relieved
I've never seen that nigga balling, throw him in the D league
Went in-store pickup and got a couple TVs
You got the cloudy ass diamonds, I need my shit VVS

Did a feature for my plug, and he sent a few Ps
One out for my lil' brother 'cause he stole my car keys
Used a fire ass piece and got some shit from [?]
Last week I stuffed a ten piece in a paint can
He tried to reach for something, fucked around and popped your mans
Then I laughed about it, rolled a blunt, and popped a xan
And I slapped my doctor, he prescribed me fake xans
It's getting that bad, y'all really rocking fake Vans?
Popped my family member then I hid him in a van
Told my lil' cousin sell some weed at our lemonade stand
Gucci suit and tie, I'm a ghetto business man
You won't bust the bank plays, you a fucking middleman
A band on his head, he gon' meet the bogeyman
Don't take care of your kids? How the fuck is you a man?
Ain't got a dollar in your pocket, why is you on Instagram?
I do it off something else, they think I scam on Instagram
Bring me a TD and I'ma drop that bitch instant
Shot him in his head and I watched him drop instant
Capped a basketball fan, he liked the Detroit Pistons
I'll stab you with my knife but bitch I've got my pistol
Paid 50 for some 4s so wed know they them official
I'm rude to every bitch but they think that I'm official
Having swipe school, hit my email for auditions
Who getting more money? We gon' have to sign a petition

Outta town, dropping check, I just ran into the police
Fucked my Cash app up, now I can't even receive
Made some shit off the swiping that you wouldn't even believe
FedEx banned my address, now I can't even receive
The bank play went through, now a nigga feel relieved
I've never seen that nigga balling, throw him in the D league
Went in-store pickup and got a couple TVs
You got the cloudy ass diamonds, I need my shit VVS

Drop a check for 8, 000, next day through Wells Fargo
I see you in the Ford, but boy where your car go?
This nigga think he crispy, he got Levi cargos
He ran off with my money, but he ain't about to go far, hoe
I just poured an eight of Hi-Tech in a Faygo
This shit might kill me, dog, this shit so dangerous
The Instagram model, man, the bitch was rich and famous
She got a little followers, now the bitch think she famous
He tried to buy some shoes from me, and I scammed [?]
Printed a fake ID, now I look like Rodrick Davis
Got a burnout phone then I sent 50 payments
Stupid ass juug, I made him send 50 payments

Brought my ones to the booth, so I had to tip the waitress
He seen me slide at Walmart, so I had to kill the witness
Shot cameraman, told him I don't like pictures
Bought a whole pint and poured that bitch in a pitcher
He tried to flex the money but he got it out a printer
'Bout to shoot that bitch up, let that nigga out the system
She say I play the game too much, so my bitch broke my system
Heard she talking down, I got into it with my sister
