

Wreck It Ralph

TeejayX6

(K'Den Ju)

Keep my name out your motherfuckin' mouth if you want to stay a live

I'm in the opps' hood lookin' for niggas, so I'm all eyes
I used to be punchin' on the site, but now it's all slides
I thought that lil' nigga was really 'bout it, but he all talk
How your whole clique broke? Nigga, y'all just all walk?
Beat a lil' nigga head in like Wreck-It Ralph

I just bought a brand-new whip, hope I don't wreck it out
And I bought a brand-new crib, I'm 'bout to deck it out
A bunch of credit cards in my hand, I gotta cut the deck
Damn, man, my bitch caught me cheatin' and she cut my dick
This lil' nigga sent his last money, now he lookin' sick
I got a lot of gold chains on like I'm Slick Rick
He dissed me on the 'Gram, now he in there with the seafish
You fucked up in the crib eatin' microwavable deep dishes
I'm lookin' at my bitch like, "Damn, you look delicious"
I just fucked a thick-ass bitch, I think it's delicious
I don't know this nigga, so you know I'm actin' superstitious
You can't come and buy no weed from me, you act super weird
This lil' nigga be savin' all the hoes, he a superhero
You just looked into your bank account, it said zero-zero-zero-zero-zero
How you gon' eat, nigga?

He got on some fake-ass buffs, he can't see through 'em
Put money on his head, he disappeared like voodoo
Now his whole family in this bitch clueless
Smokin' on some fire-ass weed, it tastes like Kool-Aid
Too much money sittin' in my safe, I'ma need a maid
I can't just be sittin' at the crib, I need to go get paid
Niggas just be sittin' at the crib, they ain't never get laid
All the damn fours in this bitch, I hope they don't raid
All this damn equipment in this bitch got me scared as hell
I don't wanna bring you 'round this shit, 'cause you might just tell

All this extra weed sittin' around that I might just sell
Don't leave your debit card sittin' around, 'cause I might just steal

I just performed at a high school party, you was hype as hell
Man, I just fucked this thick bitch, but she was short as hell
I just scammed a pastor at the church, hope I don't go to Hell
Shot a white nigga in his stomach and I turned him pale
And I had to drop out of school 'cause I always failed
I'ma smack you if you try to sell me OG, 'cause I hate that smel

Had to get rid of my old bitch 'cause I hate her ass
