

# I Love Him Too

Teena Marie

Aw naw, I don't believe this  
There's a new girl in town  
Is your name De De O'Neal?

Yeah, that's me.  
They call me Cognac

You know you've got a lot of nerve comin' up in here in my party

Oh, no disrespect Miss Teena  
Evidently, you've got something to say to me  
So say it, girl  
Bring it!

What makes you think:  
That I'm peace enough to stand by  
And let you take my man from me  
And what makes you so sure that he's in love with you?  
Cause anytime he wants to, get love  
He's making love to me  
You feelin' me?

You're just a young girl  
With stars in your eyes  
I don't think you even understand it, De De  
Or that you realize  
I give him all my precious time  
And maybe I've been a bit too blind  
But for last 7 years or so, you see  
He's been making love to me  
Do you understand me?

I love him too  
Just as much: if not maybe more than you do  
Don't be no fool

I love him too  
And if you think I'm going to give him up

Then you're a fool

You better think about the consequences

You better think about the mind and common senses

You better think about the things that I can bare

You better think about my child that's on the way

You better think about the lovin' game, I'm not here to play

You better think of right now you're in my domain

You better think

You better think and stop believing in all the trust cause

he's been making love to us

What a revelation

And I love him too

Just as much

If not maybe more than you do

Don't be no fool

I love him too

And if you think I'm going to give him up

You've lost a screw

Don't be no fool

Listen, you'd better think again, girl

You'd better think again

Cause I love my baby, love my baby

You'd better think again, sister girl

You'd better think again

Cause I love that man
