

I Kill Butterflies

Teenage Bottlerocket

I kill butterflies
I make babies cry
I laugh when puppies die

I break angels' wings
I flush fluffy things
I poison birds that sing

I just laugh, you know I'm so cynical
Making fun of everyone else
I like you to think that I hate everyone
When I just hate myself

I'm always feeling tense
I have no confidence
I mock in self-defense

I just laugh, you know I'm so cynical
Making fun of everyone else
Don't you know that I'm just killing time
Until I kill myself
Until I kill myself
