

I Wanna Die

Teenage Bottlerocket

The gift of life's a fucking joke
I wanna drown, I wanna choke
I wanna feel blood vessels popping in my eyes
I wanna die
The afterlife, a fucking lie
Lethal injection, get me high
I wanna be strapped to the chair until I fry
I wanna die
Fuck
Fuck the world, it's not for me
I'll light a match in gasoline
I wanna burn and watch the flames reach for the sky
I wanna die
