

## She Can't Think

Teenage Bottlerocket

Said he had an accident  
Landed face first on cement  
Said he won't skate for six months  
Said that now he's all messed up

Mommy threw her in the wall  
Mommy's ball bat broke her fall  
Nothing else can she recall  
She can't even think at all  
Oh!

She can't think at all  
She can't think at all  
She can't think at all
