

The Darkest Part Of The Night

Teenage Fanclub

Do you think of me when you're turning down the light?
A world away I'll dream of you tonight
I would do anything just to see you come alive
I long to see that sparkle in your eyes

You've been living in a bad dream baby, I know
Been lost to the light
You've been living in the darkest part of the night

It's with a heavy heart every time I go away
And I think about you each and every day

And when you're on your own I hope you can see
In time with you is where I want to be

You've been living in a bad dream baby, I know
Been lost to the light
You've been living in the darkest part of the night

You've been living in a bad dream baby, I know
Been lost to the light
You've been living in the darkest part of the night
