

Outside Of Love

Teenage Wrist

Settle down
Giving up on feeling young
Turn around
Are you all strung out on love

Settle down
Drifting to the sinking sun
Tuning out
We were beautiful and dumb

Outside of love
Forever and always down
You're on the outside of love

Settle down
Giving up on feeling young
Turn around
Are we still strung out on love

Pushing down
Draining out a heart that's full
Tuning out
How did I become so dull

You're on the outside of love
