

Bad Enough

Teezo Touchdown

Are you gonna quit now?
Are you gonna get down?
Crying on a Greyhound
Heading to your hometown

He didn't want it bad enough

Actin' like a **** now
Need to have a switch now
Need to have a sit-down
Less planning now, new man in town

That wants it bad enough
You didn't want it bad enough

Baby, baby, baby, baby, baby
Baby, baby, baby, baby, baby, babe

See she gettin' thick now
Wonder who she with now
Buddy, sit down
All them nights you left her up alone
All the times that you did her wrong
Now you got her scrollin' through her phone
Have you ever went home and heard your lover moan?

Because you didn't want her bad enough
You didn't want it bad enough

Bad, bad, bad, bad, bad
'Nough, 'nough, 'nough, 'nough, 'nough
