

Ditch It

Teezo Touchdown

Ca-Cvke Supply

Aye, ditch it
Ditch it (ditch it)
Woah, ditch it

Aye ditch it, ditch it, ditch it
Bitches in my mentions, tripping
Likin' all my pictures
Wishin' that I'll pull up on 'em and
Give 'em some attention (strictly)
Dick is all they get
No, no hugs, no texts, no kisses
No, no Valentines, no Christmas
Sorry, you thought I was [?]

I had to ditch it
I had to cut her off
I had to stitch it
She say a nigga broke
Told her to fix it
She say a nigga broke, told her to fix it

Aye ditch it
Ditch it
Aye ditch it

Bitches in my mentions
And its startin' to look suspicious
Got her all up on my line
Askin do I know who this is

No I do not know who this is
Tryna make you to my missus
Put the phone down bae, you trippin

Baby I'm bout to blow
And you miss
And you were so, so close
Till you switched it
So I switched it
So I switched it
So I switched it (damn teezo)

You know what the fuck goin' on
Promotors got my phone goin' off
Still use cough syrup for the cough
Used to sleep right there on Jay's couch
Gotta put my mama in a house

She ride it till I make her say ouch
Go shop, go fuck up the account

Boricua, [?] Dominicano
I got her legs up
I went deeper she got wetter
I went deeper

I uct her off she got careless
I cut her off she got reckless
Brand new bitch she got

Reckless, brand new bitch she got jealous
I cut her off she got reckless
