## Teezo Touchdown

I know you want a nigga, you ain't gotta front  
You said that you outside, girl park in the front  
You said that your nigga broke, he need a front  
I'm so upright now, I got it, what you want?

Front

Front, Front

You so bad I'll hit you from the front  
Girl I got your back and got your front  
You know I keep it real, why would I front?  
Front

Cologne I got on is Saint Laurent  
I go to the mall, but lay at the front  
I go to the mall and buy what I want  
She call up my phone like "what do you want?"  
Brrrr (damn Teezo)

Hold up, I gotta put this all on hold  
I put all my hoes on hold  
I remember puttin' clothes on hold  
Now, I put holes all in my clothes  
I'm a designer  
I gotta remind her  
That we just kickin' it like a recliner

Yeah, I like to head while smokin a blunt  
I like to head with her head in the front  
I like to head with her head in the front  
So I can see alla that ass behind her

I know you want a nigga, you ain't gotta front  
You said that you outside, girl park in the front  
You said that your nigga broke, he need a front  
I'm so up right now, I got it, what you want?

Front (yeah, yeah, yeah)

Pourin' the dirty up in my two-liter  
Weighin' it up like I am a Libra  
My bitch a stallion, like she is a zebra  
Meaning she from the wild  
I hop out, she like Wow  
I guess that she diggin' my style  
I ain't been this fly in a while  
No, I don't plan on taking her out  
Don't plan on walkin' down the aisle  
I listened to all of them all  
In that case I'm buyin' it all  
She send me pics with her tits in the front  
Lettin me know I can fuck when I want  
It's a beam on the thing, you can duck all you want  
We in your front yard, act up if you want

You said that you outside, girl park in the front
