

## New Year

Teezo Touchdown

(Anybody else heard gunshots for New Year's?)  
(Oh yeah, most definitely)

New year, new bag  
New year, new tags  
New year, new this-and-that  
New year, new body bag  
Because I'm killing these niggas still  
Woah, woah, woah, woah, still

New year, new bag  
New year, new tags  
New year, new this-and-that  
New year, new body bag  
Because I'm killing these hoes still  
Woah, woah, woah, woah, still

Aw yeah, man  
I swear it's been a hell of a year, man  
If I take her out it's an experience  
And when I'm dressin' up it's an experiment  
Glass house, it's like tear gas  
But what we smokin' on could give you a jetpack  
Huh, that explains the jet lag  
The last time I checked we were in dead last  
(Woah, woah) Count me out (woah, woah) now count me in  
(Woah, woah) Count it up (woah, woah) Columbian  
(Woah, woah) On my side (woah, woah)  
Where you at? (woah, woah)  
She so bad, can't be mad when you got her

New year, new bag  
New year, new tags  
New year, new this-and-that  
New year, new body bag  
Because I'm killing these niggas still  
Woah, woah, woah, woah, still

New year, new bag  
New year, new tags  
New year, new listener  
New year, new body bag  
Because I'm killing these hoes still  
Woah, woah, woah, woah, still
