### Teezo Touchdown

Someone stopped me and said, "Hey dude, have you seen the new Spider-Man?"

I said, "Not yet, been really, really busy, but I promise I'ma see it when I can"

Life is a movie, bet you can't find bootlegged on someone's Reddit

My life is a movie where everybody's hand I shake ends up in the credits

My life is a joke, but you have to be really, really sick to get it

American Pie, would you rather die, or would you rather split it?

You decide, in your bed tonight, or whatever it is you lay  
Where will you hide the body of lies that's standing in your way?

Uh-huh, okay

I'm gonna do it anyway

Uh-huh, okay

I'm gonna do it anyway

Alright, okay

I'm gonna do it anyway (I'm gonna do it anyway, I'm gonna do it anyway)

Middle of the winter, I feel like swimming

Middle of the summer, I wear a coat

Ride my bicycle on the highway

Sing a song with all the wrong-

Don't you tell me how to sing

You didn't help me write the song

Why doesn't anyone wanna sing along?

Sometimes, I wanna scream alone

Sometimes, I just wanna be

Subliminal, but that's not really up to me

Please stay out of my business

Everybody has their own company

You decide, in your bed tonight, or whatever it is you lay  
Where will you hide the body of lies that's standing in your way?

Uh-huh, okay

I'm gonna do it anyway

Uh-huh, okay

I'm gonna do it anyway

Alright, okay

I'm gonna do it anyway (I'm gonna do it anyway, I'm gonna do it

anyway)
