Misery loves company
You can ask the one I'm with
No need to be serious
We not even serious
My DMs are hit-or-miss
Half I'll hit and half I'll miss

Your past is a mystery
My past is mysterious
We not even serious
Are you being serious?
I know it's not easy
Dealing what you dealing with
But maybe I

I'ma try to make it easier for you to leave (Try to make it easy)
I'ma try to make it easier to give you what you need (I'm trying)
I'ma try to make it easier for you to be (I'm trying so hard)
The best you can be (I'm trying so hard) without me
I'ma try to make it easier for you to see
I'ma try to make it easier for you to believe
I'ma try to make it easier for you to be (I'm trying)
The best you can be without me (Uno, dos)
