Teezo Touchdown

Freaking you up, freaking you down (You know if you need that)

Excuse me, pretty lady, may I

Have a minute of your time?

Let me lay your body down

And take whatever's off your mind

Tell me 'bout your day while I

Rub your feet and kiss your toes

I'll tell you everything will be okay, while I clean up your room and fold your clothes

I know you like it (Neat)

I know you like it (Neat)

I know you had a (Week)

Girl, leave that up to (Me)

We don't even have to (Freak)

We don't even have to (Freak)

But if you change your mind

Just speak, and baby, I can be

Excuse, Mrs. Lady, may I

Cook you something, run your bath?

Wash your body, dry it off

Then put a scary movie on and laugh

I know you gotta work tomorrow

It's getting late, so I should leave

I'll take the trash out before I go, girl, I know, lock the door, but first let me see them keys

Girl, how yo' ass on (E?)
