

Freedom

Tegan and Sara

Shoulders of perfection
Let them drag you
Straight across and tell me
Have we found perfection
Are we finally lost and
I'm staring from a distance
Why don't you come get a closer look
I can guarantee that
Lickin' the package
Ain't ever quite as good as
So they're looking for a new face
With a voice to go along
I can tell you right now
That ain't my style
I don't do no sing alongs
With my freedom from
The mighty sky to the ground
She said you've got the freedom, baby
Walk out if they drag you down

Standin' on the edge of a crisis
We decide to raise our own voices
Consider that the sounds is our own
And the fact our feet grow up from the ground
This is where I want to be
This is who I want to be
So they get my voice
But they can they can never get my soul

Yes there's a million things about me
You will never know
Like they caught me on video
And yeah, they caught me on radio, yeah
They caught me on video radio
Stereo freedom from
The mighty sky to the ground
She said you've got the freedom to walk out
If you drag me down
You've got the freedom, baby, to walk out
If they drag you down
If they drag you
If they drag you
Walk out
