

Hey, I'm Just Like You

Tegan and Sara

Stranded and I'm so lost, my mind is wired
Overcome and over done, my fate is on fire
Beat the drums and dance to screaming in my head
I'm so happy that we're friends, me and you

I never feel invisible when you're around
With you I don't blend in with the millions
Together in the light, I swear all for you
Tonight in the dark we are seeing color

Hey, I'm just like you
A little messed up and blue
Hey, I'm just like you
Not sure what the fuck I'm to do

We're head strong tonight (tonight, tonight)
Racing through the streets till we fly
All colored prism alive (the light, the light)
Head strong tonight

Sometimes you get so tired of pretending
Like you're so strong
Everyone you love has gone
And decided that you're so wrong

I always be invincible when you're around
You and me against the millions
Together in the light, I swear all for you
Tonight in the dark we are seeing color

Me, I'm just like you
A little messed up and blue
Hey, I'm just like you
Not sure what the fuck I'm to do

We're head strong tonight (tonight, tonight)
Racing through the streets till we fly
All colored prism alive (the light, the light)
Head strong tonight

We're head strong tonight (tonight, tonight)
Racing through the streets till we fly
All colored prism alive (the light, the light)
Head strong tonight
