

Hold My Breath Until I Die

Tegan and Sara

Late at night, when your words are eating me alive
Does it make you sad to leave me here like that?
In my dreams, the blood runs from my eyes
If I fall, will you catch me in your arms?
(Catch me in your arms)

When you asked me who, I should have said it's you
Now it seems like it will never be, we'll never be

Oh, if I hold my breath until I die, I'll be alright
Oh, if I hold my breath until I die, I'll be alright
Oh, if I (If I) hold my breath (Hold my)
Until I die (Breath, I), I'll be alright
Oh, if I (If I) hold my breath (Hold my)
Until I die (Breath, I), I'll be alright

Shame on me 'cause I can't help fallin' at your feet
It makes me mad to see you leave like that
I'm so lost, running circles in my head
If I jump, will you catch me in your arms? (Catch me in your arms)

When you asked me who, I should have said it's you
Now it seems like it will never be, we'll never be

Oh, if I hold my breath until I die, I'll be alright
Oh, if I hold my breath until I die, I'll be alright
Oh, if I (If I) hold my breath (Hold my)
Until I die (Breath, I), I'll be alright
Oh, if I (If I) hold my breath (Hold my)
Until I die (Breath, I), I'll be alright

I said I'm sorry (I'm sorry)
Does it bother you? (Bother you)
Why does it bother you? (Bother you)
I said I'm sorry (I'm sorry)
Does it bother you? (Bother you)
Why does it bother you? (Bother you)

Oh, if I hold my breath until I die, I'll be alright
Oh, if I (If I) hold my breath (Hold my)
Until I die (Breath, I), I'll be alright
Oh, if I (If I) hold my breath (Hold my)
Until I die (Breath, I), I'll be alright
Oh, if I (If I) hold my breath (Hold my)
Until I die (Breath, I), I'll be alright

I said I'm sorry
Does it bother you?
Why does it bother you?
I said I'm sorry
Does it bother you?
Why does it bother you?
