

I Don't Owe You Anything

Tegan and Sara

Here when you need it
Take it all like you do
My heart ain't faded
But it might fail you

'Cause I don't have anything left
And I can't have faith in you anymore
You just walk out, make it look tough
Say you really don't feel you can't take no more

Baby, I don't ask much
All I want is your touch
It's the way I love you
It's why I hate you
But I don't owe you
No, I don't owe you anything
I don't owe you
I don't owe you anything

Oh, when your magic
Wears off, what then?
Will you forgive me
When I am done?

'Cause I don't have anything left
And I don't have faith in you anymore
I just walk out, try to sound tough
Say I really feel that I can't take no more

Baby, I don't ask much
All I want is your touch
It's the way I love you
It's why I hate you
But I don't owe you
No, I don't owe you anything
I don't owe you
I don't owe you anything

I gave it all tonight
I gave up love tonight
I waited up all night
I can't be wrong
But I don't owe you
No, I don't owe you anything

Baby, I don't ask much
All I want is your touch
It's the way I love you
It's why I hate you
But I don't owe you
No, I don't owe you anything
I don't owe you
I don't owe you anything
