

# I Know I Know I Know

Tegan and Sara

From hundreds of miles you cry like a baby  
You plead with me, shout, scream  
Tell me you're staying  
I know, I know, I know  
I'm still your love

Back from the last place I wanted to fake  
You laugh with me, shout, scream  
Now tell me you're staying  
I know, I know, I know  
I'm still your love

The same as I love you  
You'll always love me too  
This love isn't good unless  
It's me and you

Box after box and you're still by my side  
The weather is changing  
And breaking my stride  
I know, I know, I know  
It's just this day

House after house, just like car after car  
You see club after club  
And it all seems so far  
I know, I know, I know  
What else are we here for?

The same as I love you  
You'll always love me too  
This love isn't good unless  
It's me and you

Stick your hands inside of my pockets  
Keep them warm while I'm still here  
Tell them this love hasn't changed me  
Hasn't changed me at all

Last night I was writing about you  
I know my screaming and shouting won't keep you  
I know, I know, I know  
You're still my love

I wake up to the sound of you working  
You're one room right over  
Stressing and loving me  
I know, I know, I know  
Be still my love

The same as I love you  
You'll always love me too  
This love isn't good unless  
It's me and you

Stick your hands inside of my pockets  
Keep them warm while I'm still here

Tell them this love hasn't changed me  
Hasn't changed me at all

Stick your heart inside of my chest  
Keep it warm here while we rest  
Tell them this love hasn't changed me  
Hasn't changed me at all

The same as I love you  
You'll always love me too  
This love isn't good unless  
It's me and you

The same as I love you  
You'll always love me too  
This love isn't good unless  
It's me and you
