

Keep Them Close 'Cause They Will Fuck You Too

Tegan and Sara

The problem with starting halfway through
Is that you don't understand, and that, that gets to you
Don't need to hear your voice to know you're outside looking in
Don't need to see your face, I know you're inside out again

Keep them close 'cause they will fuck you too
I will keep you close
I got nothing better to do
Better to do
'Cause I will miss you
And without you, I will never be whole
(Never, never, never)
I'll never be full again
I'm missing you like I used to
Like I still do

Sitting here tonight, I'm thinking those stupid thoughts
Hoping that you're happy now, happy with what you got

Keep them close 'cause they will fuck you too
I will keep you close
I got nothing better to do
Better to do
'Cause I will miss you
And without you, I will never be whole
(Never, never, never)
I'll never be full again
I'm missing you like I used to
Like I still do

Wise up, fuck up, know that I'll never lie to you
I won't lie to you
Wise up, fuck up, know that I'll never lie to you
Leave you all alone

Keep them close 'cause they will fuck you too
I will keep you close
I got nothing better to do (Got nothing)
Better to do (Got nothing)

I'm missing you
I'm still missing you
I'm missing you
I'm still missing you
I'm missing you (Got nothing)
I'm still missing you (Got nothing)
I'm missing you
I'm still missing you
