

# Pretty Shitty Time

Tegan and Sara

I was in the better fun house coming in and out of focus  
I was in a bitter fun house coming in and out of focus  
I was in the better fun house coming in and out of focus  
I was in a bitter fun house coming in and out of focus

I guess I get a little lonely  
Thinking about the end  
I guess I get a little distant  
Easy to forget

I've never been that good at saying  
When I need someone, but I need someone  
I've never been that good at saying  
When I'm hurting, but I'm hurting now

You can find me on the west coast  
A pretty shitty time  
I can't send a map to get here  
I'm lost in the tide  
Never been good enough  
(I was in the better fun house coming in and out of focus)  
Never been good enough  
(I was in a bitter fun house coming in and out of focus)

I wait, not sure what for  
The worst or something else  
My aches, all of my pain  
I worry all about myself

I've never been that good at saying  
When I'm lonely, but I'm lonely now  
I've never been that good at saying  
That I'm needy but I'm needy now

You can find me on the west coast  
A pretty shitty time  
I can't send a map to get here  
I'm lost in the tide  
Never been good enough  
(I was in the better fun house coming in and out of focus)  
Never been good enough  
(I was in a bitter fun house coming in and out of focus)

You can find me on the west coast
