Tegan and Sara

This ain't going well, I wish that we had been a better version  
of us

You can't love somebody who you didn't ever really trust

I keep wondering about the plans I had

I keep wondering what I do with them

ain

I keep wondering about the plans I had

I keep wondering what I do with them

This would be easy, I was looking for easy

When it blew up it messed me up

I think it was all me, I didn't make it easy

I keep wondering about the plans I had

I keep wondering what I do with them

I keep wondering about the plans I had

I keep wondering what I do with them

This ain't going well I wish that I had been a better version o  
f me

But I can't love somebody who doesn't love the worst parts of m
