

We Don't Have Fun When We're Together Anymore

Tegan and Sara

Promised myself I wouldn't let you get that way this time
Promised myself I wouldn't let you lose yourself this time
What you gonna do tomorrow when you wake up in
Someone else's bed?
What you gonna do tomorrow when you wake up in
Someone else's head?

We don't have fun when we're together anymore
All we get when we're together is bored
We don't have fun when we're together anymore
All we get when we're together
All we get when we're together

Watch my head, falls in your hands
I wonder where have I been all this time?
Watch my thoughts fall in your dreams
I wonder where have you been all this time?
Have another drink, it'll make you cool
It'll make you you
Have another drink, it'll make you cool
It'll make you you (You, you, you, you)

We don't have fun when we're together anymore
All we get when we're together is bored
We don't have fun when we're together anymore
All we get when we're together
All we get when we're together

Another day, another waste
Close my eyes and fall behind
Another day, another waste
Close my eyes and fall behind

We don't have fun when we're together anymore
All we get when we're together
Another day, another waste
Close my eyes and fall behind
Another day, another waste
Close my eyes and fall behind

Close my eyes and fall behind
Close my eyes and fall behind
