

## Justify

Tei Shi

Justify my age, just-justify my age  
Justify my name, just-justify my name  
Justify my face, just-justify my face  
Justify my brain, just-justify my brain

Justify me now, just-justify me now  
Justify me now, just what I need now  
Justify me now, just-justify me now  
Justify me now, just what I need now

Trust me, love me  
Just me, so trust me  
Trust me, disgust me, oh  
Trust me, this is just me

Won't you justify my age, just-justify my age  
Justify my name, justi-justify my name  
Justify my fate, just-justify my fate  
Justify my hate, justi-justify my

Justify me now, just-justify me now  
Justify me now, just what I need now  
Justify me now, just-justify me now  
Justify me now, just what I need now

Trust me, love me  
Just me, so trust me  
Now trust me, disgust me  
Trust me, baby  
This is just me
