

# Your World

Tei Shi

Are you God?  
You created me  
Am I fraud?  
That's what you say to me

I'm not livin' inside of your world  
I'm eatin' more than everyone says I should  
You feel it too, too, too  
You feel it too, too, too

Baby, what a privilege  
If you made me  
In your image  
Why you afraid of me?

I'm not livin' inside your world  
I'm eatin' more than everyone says I should (I should)  
You feel it too, too, too  
You feel it too, too, too

If, if you wanna let go  
If you wanna let go  
If, if you already know  
If you already know  
If, if you wanna let go  
If you wanna let go  
If, if you already know  
Then we're ready to go

I'm not livin' inside your world  
I'm eatin' more than everyone says I should (I should)  
You feel it too, too, too  
You feel it too, too, too  
I feel it when they're tellin' me that I'm good  
(Tellin' me that I'm good)  
I'm eatin' more than everyone says I should (I should)  
(Everyone says I should)  
You feel it too, too, too  
(You feel it too, you feel it too)  
(Everyone says I should)  
You feel it too, too, too  
(You feel it too, you feel it too)  
(You feel it too, you feel it too)  
You feel it  
You feel it
