

# Everything Is Somewhere Else

Teitur

Pictures on my cellphone screen  
Destinations of envelopes  
Birds and fruit on postage stamps

Everything is somewhere else  
Everything is somewhere else

Origins of galaxies  
Comfort of our furniture  
Secret longings of customers

Everything is somewhere else  
Everything is somewhere else

Bicycles and motorboats  
Telescopes and funny dogs  
A whisper I would love to hear

Everything is somewhere else  
Everything is somewhere else

Somewhere else
