

## Sara

Teitur

Sara is so far away  
Further than the map said can be  
I hear you pacing round  
With that phone as if  
You're trying to get away from me

You say you got  
So bored and lonely  
'Mong dentist wives  
And empty pools  
But darling if you want  
We'll move back into town  
I can look for a place  
Pretty soon

And Sara I can call this off  
If you want I'll come back home  
I can be on a plane in no time  
And with some luck my love  
I could be home by midnight  
Sara, say something, talk to me  
Say, do you want me to be there?

We used to be so good at this  
And staying so close from afar  
You'd follow my every stray idea  
I'd get lost but you'd still know  
Where we are

You say you get  
So dull and restless  
Among housewives and raccoons  
And maybe you're right  
You can go back to school  
Build that shed out back  
We got all the tools

And Sara I can call this off  
If you want I'll come back home  
I can be on a plane in no time  
And with some luck my love  
I could be home by midnight  
Sara, say something, talk to me  
Say, do you want me to be there?

Ah  
Ah

Sara, hope you're wrong  
Sara, don't sing along
