

Can't Chase

Tekno

E get some kind things that I can't take
Cause I no dey do am to anybody
I dey like love but I can't chase
We go straight to the point no too much ceremony (Ceremony)
If I dey ride for you it no matter the weather
Person like me no do
One leg in One leg out for your matter
Girl I go die for you but we no need to checkout
Ohima ride for me make I no zoom zoom my Tesla

Yours truly, between God and man
I no too like talking stage, make we talk am now
Girl Im the one who's calling don't minimize on mi love
I know you want love and I'm the man for job
Normally I go water ya fields
Treat your flaws with lost
Babygirl anything to love you for better for worse
But before I do one knee down one knee up make you know

E get some kind things that I can't take
Cause I no dey do am to anybody
I dey like love but I can't chase
We go straight to the point no too much ceremony (Ceremony)
If I dey ride for you, it no matter the weather
Person like me no do
One leg in One leg out for your matter
Girl I go die for you, but we no need to check am
Ohima ride for me make I no zoom zoom my Tesla

I no like woman wey dey check my phone
Leave me alone
If no trust me make you go
Love is not by force my darling
I no like to force anything
Last Last E go cast
Everything go dey for bash
Tell me who be dat
For this life wey no dey lie
A nigga gonna be a nigga
Go ask my nigga
And Folake, they go tell you say

E get some kind things that I can't take
