

# Release The Deep

Telecast

Open the window  
Release the deep  
Come let Your waters  
Flood over me  
'Cause I've seen Your beauty  
Been cleansed by Your blood  
I've been in the desert  
I've drank of Your love

And as the deep calls unto deep  
I feel Your waves crash over me

'Cause You're all I ever wanted  
And You're all I'll ever need  
Yes, You're all I ever wanted  
Jesus, You're all I'll ever need

Open the window  
Release the deep  
Come let Your waters  
Flood over me  
I'd sail all the oceans  
I'd swallow the sea  
Just to eat at Your table  
With You, my King

And as the deep calls unto deep  
I feel Your waves crash over me

'Cause You're all I ever wanted  
And You're all I'll ever need  
Yes, You're all I ever wanted  
Jesus, You're all I'll ever need

Jesus, You're all I'll ever need
