

# Margot

Telenova

Margot lies on the lawn  
She flicks through magazines  
The words she never reads  
It's all for show

Margot, you're such a tease  
A feather in the breeze  
But when you smile at me  
My heart implodes

Should've known better than to think I could forget her  
Heaven could've sent her  
Did I have it all wrong?  
Should've known better than to think I could forget her  
Heaven could've sent her  
Did I have it all wrong?

Margot who rules my world  
More precious than a pearl  
Or are you just a girl who's terrified?

Margot, when angels cry  
Their tears are just for you  
The rain that soaks right through your thin disguise

Should've known better than to think I could forget her  
Heaven could've sent her  
Did I have it all wrong?  
Should've known better than to think I could forget her  
Heaven could've sent her  
Did I have it all wrong?

My delight in eyes that burn  
A light across the lake  
My delight in eyes that burn  
I die another day  
My delight in eyes that burn  
A light across the lake

Should've known better than to think I could forget her  
Heaven could've sent her  
Did I have it all wrong?  
Should've known better than to think I could forget her  
Heaven could've sent her  
Did I have it all wrong?

Should've known better than to think I could forget her  
Heaven could've sent her  
Did I have it all wrong?  
Should've known better than to think I could forget her  
Heaven could've sent her  
Did I have it all wrong?

My delight in eyes that burn  
A light across the lake  
My delight in eyes that burn  
I die another day

Should've known better than to think I could forget her  
Heaven could've sent her  
Did I have it all wrong?  
Should've known better than to think I could forget her
