

## Why Do I Keep You?

Telenova

I heard rumors, you came down  
Falling, your quiet resistance was under fire  
I heard rumors from the mirror in the glass  
Calling the fatal attraction of a damaged mind

I kiss the ground before you  
I cut my eyes out for you  
Restless, blinded by my love  
I sink below the deep blue  
I drink the poison while I wait here  
Praying for my time

Oh, why do I keep you?  
Is it love to stay or to leave you?  
Oh, why do I keep you?  
Is it love to stay or to leave you?

I heard rumors, you came back  
Crawling, defying the whispers in the walls  
And the shadows call, they're here to take you over  
Follow the cracks in the pavement to take you home

I kiss the ground before you  
I cut my eyes out for you  
Reckless, blinded by my love  
I sink below the deep blue  
I drink the poison while I wait here  
Praying for my time

Oh, why do I keep you?  
Is it love to stay or to leave you?  
Oh (Oh-oh), why do I keep you?  
Is it love (Love) to stay or to leave you?  
Oh (Oh-oh), why do I keep you?  
Is it love (Love) to stay or to leave you?  
Oh (Oh-oh), why do I keep you?  
Is it love (Love) to stay or to leave you?

Oh (Oh-oh), why do I keep you?  
Is it love (Love) to stay or to leave you?
