

In Paris

In Paris,
We piss in the streets.
In Paris,
We kiss who we meet.
In Paris,
We love what we eat.
In Paris,
We eat who we love.

Down in Paris, That's how we do it in Paris.

In Paris,
You can crash your car
Down any boulevard.
In the metro you think you're a star,
Someone ask you who you are.
In Paris,
The bigger stands,
And so many Americans
With big eyes shout:
"Now, look at me!"
And dies.
And "C'est la vie, c'est la vie, c'est la vie".
That's what we call it!

In Paris,
That's how we do in Paris.

In Paris,
We piss in the streets.
In Paris,
We kiss who we meet.
In Paris,
We love what we eat.
In Paris,
We eat who we love.

In Paris,
That's how we do in Paris.
In Paris.
In Paris.
In Paris...
