Burning

Temperance

Beyond my limits of reality
I'm setting free this inner energy
You can't stop me, I have nothing to lose
I'm seeing the truth and I'll break all of the rules
All the rules

Without restrictions, with no prejudgments, too
I can leave behind that blue and dirty mood
There are no leashes tying me down
There is no way to seize me now

I'm the wolf that howls to the moon

With no purpose and no aim
Now I'm dancing with the flames
Freedom's taking my own hand – I feel alive
Yes, I'm burning, feel this heat
And so fast is my heartbeat
I walk and jump on my bare feet
There is no turning back

I am hiding so you can't find me
And suddenly I appear in front of thee
As you can see at a very first glimpse
There is a power so invisible but strong

I'm the lion roaring in the wind

With no purpose and no aim
Now I'm dancing with the flames
Freedom's taking my own hand – I feel alive
Yes, I'm burning, feel this heat
And so fast is my heartbeat
I walk and jump on my bare feet
There is no turning back

With no sorrow and no pain
Now I'm dancing, I'm the flame
Freedom's taking me by hand – I'm so alive
Oh, I'm burning, feel this heat
Yet so fast is my heartbeat
I run and jump on my bare feet
I am not coming back
