

What am I doing here?  
I look around... I feel confused  
People talk  
Ut I cannot understand what they are trying to tell me

So misunderstood, in the wrong time and place  
Is this only a nightmare?

Nothing here seems real  
Something's disturbing my thoughts  
In this delusion  
I'm caught and don't know how to escape and where to go

Déjà vu - I see with the eyes of a stranger  
Déjà vu - this is not my actual life  
Déjà vu - I've lost myself through this night  
Déjà vu - can someone help me and take me home?

There's no living being around  
Only dark and creepy noises  
Need to sleep but I can't find  
A safe sound shelter where to run to

So misunderstood, in the wrong time and place  
Imprisoned in this nightmare

I'm trapped and don't know how to escape and where to go

Déjà vu - I see with the eyes of a stranger  
Déjà vu - this is not my actual life  
Déjà vu - I've lost myself through this night  
Déjà vu - can someone help me and take me home?

Déjà vu - I see with the eyes of a stranger  
Déjà vu - this is not my actual life  
Déjà vu - I've lost myself through this night  
Déjà vu
