Glorious

Temperance

In a night
Like any other
At the shrine
In the depths of asakusa

A few souls are still awake
Longing for new hopes to chase
Praying for a change and for miracles

In a night
It all can be different
A new land
A fresh new beginning

New horizons and new truths
For a mankind blind and cruel
Sparkles turn into blaze

Leaving my home, for a new world
Doubts can be strong
Feeling alone, shattered and torn
Is this my call?
This is the day, I'll fly away
I'll find my way
Nothing is gone, I'll be reborn
I'll be glorious

In a night
Of astonishing wonders
A new light
In search of a shelter

Viktor's life is going to change
Only memories will remain
A choice can twist your eternity

Leaving my home, for a new world
Doubts can be strong
Feeling alone, shattered and torn
Is this my call?
This is the day, I'll fly away
I'll find my way
Nothing is gone, I'll be reborn
I'll be glorious

Leaving his home, for a new world
Doubts can be strong
Feeling alone, shattered and torn
Is this a call?

Leaving my home, for a new world
Doubts can be strong
Feeling alone, shattered and torn
Is this my call?
Leaving my home, for a new world
Doubts can be strong
Feeling alone, shattered and torn

Is this my call?
This is the day, I'll fly away
I'll find my way
Nothing is gone, I'll be reborn
I'll be glorious
