Listen

There are times like that, time n time  
I'm in my twenties, all grown up  
No one reaches out a hand  
I just hold on and fill another day  
Then, the world says, "give up now"  
"You're still young, you don't understand"  
They say it's already over before it begins  
Right now, gotta say

Oh, my life sometimes  
All I do is sigh again  
Don't be so hard on yourself  
Just hold my hand for a while

No need to cry  
It's okay to take a break  
You know it's time to chill  
Get up again and rise  
Catch your breath and go on, oh  
Right then you just gotta keep it chill

Chill, chill, chill, chill  
Chill, chill, chill (It's time to)  
Chill, chill, chill, chill  
Right then you just gotta keep it chill

Sometimes I look so small  
Everyone else seems to have it all  
Something's missing, I need fixing  
And I just throw my phone away  
You know I've been just like that  
Stayed up nights with tears  
Believed that time would heal  
And ended up reminiscing about the past

Oh, my life sometimes  
All I do is sigh again  
Don't be so hard on yourself  
Just hold my hand for a while

No need to cry (No need to cry)  
It's okay to take a break (Ah)  
You know it's time to chill  
Get up again and rise (Ooh)  
Catch your breath and go on, oh (Oh, you and me)  
Right then you just gotta keep it chill (Hey)

Chill, chill, chill, chill  
Chill, chill, chill (Hey; It's time to)  
Chill, chill, chill, chill (You know that)  
Right then you just gotta keep it chill (Keep it chill)  
Chill, chill, chill, chill (It's time to chill)  
Chill, chill, chill (It's time to)  
Chill, chill, chill, chill (It's time to chill)  
Right then you just gotta keep it chill

Oh, wait a minute  
Pick yourself up, up, up, get with it  
Ayy, wait a minute  
Pick yourself up, up, up, get with it  
Oh, wait a minute  
Pick yourself up, up, up, get with it  
Ayy, wait a minute  
Right then you just gotta keep it chill
