

Not Quite the Same

Temples

Hear the tale
Foretold in seven ways
Not quite the same as before
We replace
The day before today
Down from the mountainside

Darkness be gone
The fear will linger on
Far away from here
Our time foretold
We will refuse to go
Make it disappear

Down from the mountainside

Lead astray
The urge put on display
Not quite the same as before
Faith release
White tigers at your feet
Down from the mountainside

Darkness be gone
The fear will linger on
Far away from here
Our time we know
You still refuse to go
Make it disappear

Down from the mountainside

Talking head said
Chivalry is dead
Not quite the same as before
Please outstay
Your welcome for the day
Down from the mountainside

Darkness be gone
The fear will linger on
Far away from here
Our time we know
You still refuse to go
Make it disappear

Down from the mountainside
Down from the mountainside
