

Guess you're outta time  
Falling back is easy when you're all alone  
Will it die  
If it does I hope I'm not around  
Flowers for me  
I fall asleep  
Call me an idiot  
Under your breath  
You're mad at me  
Can you get over it

Cover my eyes  
Fantasize

I wish I wasn't born a king  
I hate this deck of cards  
Shuffle me up and start again  
4 of diamonds this time  
Wear me around your neck and see  
All your friends envy me  
I am your gem  
Accessory to all your mystery
