

## Lost In A Flower Field

TEMPOREX

I do this all for you  
I guess I have it rough  
I'd drop it all for you  
But I just can't get enough

I'm so tired of chasing you around  
Sometimes I feel like a dog on its way to the pound

('scuse me)

It feels like it doesn't matter anymore  
I'm lost in a flower field again by myself
