

## New Lane

TEMPOREX

I see RCs in my dreams but I can't drive them  
Motors in the heat they zoom fast right by them  
Mine must be dead cos it's not moving as fast  
I drift the corners but I'm still landing in last

Shut it down  
Bottle up  
Keep the ball moving round  
Shut it down  
Bottle up  
Keep the ball moving round

Somebody call TLC cos that's not what to wear  
I need to change my face I need to fix all of my hair  
Now step back, gonna roll the ball  
When it hits the alley gonna knock them all  
Pins down, that's what's up

Step back  
Relax  
And choose another lane  
Get lost  
You lost  
Get winning out your brain

That's what you get when you play against a king  
That's what you get when you play against a (ooh ooh)  
That's what you get when you play against a king  
That's what you get when you play against a (ooh ooh)  
King... king...  
Play...
