

Sweet Sundae

TEMPOREX

Baby girl I spotted you from miles away
I wanted just to chat but I had nothin' to say
We could share a few bands, maybe Jerry P/HOMESHAKE
I wanted to approach you but my knees began to shake
'Cause you got nice eyes and you're hot like the sun
I wonder what the odds are that you would be the one
We could share a few words at the end of the day
But there's still somethin' I needed to say

I just need to know
I just need to know somethin'
Would you be my love
Would you be my love someday
I just need your love
I just need your love-lovin'
You should come hang out
I can make a sweet sundae

I just need to know
I just need to know somethin'
Would you be my love
Would you be my love someday
I just need your love
I just need your love-lovin'
You should come hang out
I can make a sweet sundae

Girl, you're the one for me
Don't stress a minute baby you're all I wanna see
Girl, you're the one for me
I don't know anyone who could take better care of me
