

## Driving

Temposhark

And I could wait until I'm old  
And I could wait until I choke  
And I could wait 'til hell is cold  
And I could call you  
But I'm driving, yes, I'm driving

Did you read I changed my name?  
Still suck hard but I'm not the same  
Grown real big and standing tall  
Love got lost when I learnt to crawl

And I could wait until I'm old  
And I could wait until I choke  
And I could wait 'til hell is cold

And I could call you  
But I'm driving, yes, I'm driving

My car's real wide but I've got no room  
Wheels keep spinning when I'm out of tune  
To be the best you have to take  
I'll take all I can even if you break

And I could wait until I'm old  
And I could wait until I choke  
And I could wait 'til hell is cold  
And I could call you  
But I'm driving, yes, I'm driving  
But I'm driving, yes, I'm driving

Do you still think of me?  
I have one memory
