Invisible Ink

Temposhark

What do you find in me?
Every word I wrote in silence
I'm invisible…
Who did I want to be?
If I've spoken my last sentence
Are thoughts indelible?

Let me go…
Make it better – Work hard – Leave your mark
Make it better – Work hard – Leave your mark

Don't leave the world without making them think
Don't leave the world without changing something

When life has come to be
Everything that I desire
Will truth be edible?
If I was lost at sea
Would I sink into forever?
Or stay residual?

Let me go…
Make it better – Work hard – Leave your mark
Make it better – Work hard – Leave your mark

Don't leave the world without making them think
Don't leave the world without changing something
