

Crazy Tings

Tems

All you do is lie and lie and lie
All you do is try and try and try
You don't even know the kind of things
But you try to tell me all these things

Give me some time, I need peace
I'ma need space some days
And I'm just tryna do my thing
And I'm just tryna get my way

So you need someone to deceive
And you're trying to think that I'm the one for you
But don't you see? You're not everything
And I know you're not the one for me

Crazy tings are happening
Crazy tings are happening
If you need somebody's craze
You fit chop somebody's craze

Crazy tings are happening
Crazy tings are happening
If you need somebody's craze
You fit chop somebody's craze

Try, try, try
I try, try
I just wan' turn my back tonight, tonight
So I'll make it seem, make it seem
I just want to turn my back tonight

Ooh you know me well, well, well, well, well, well
And you try to tell, tell, tell, tell, tell, tell
Ooh you try to make me run insane
But you know that you know I'm not the same
I just think I can do better

Crazy tings are happening
Crazy tings are happening
If you need somebody craze
You fit chop somebody's craze

Crazy tings are happening
Crazy tings are happening
If you need somebody craze
You fit chop somebody's craze
