

# Gangsta

Tems

Yeah, yeah

I'm makin' moves, see, you see, yeah  
They all wanna do this, do this, yeah  
Everybody is lookin', lookin'  
They all wonder what I'm doin', doin'  
Oh, they see spy my mind, mind, mind  
Even when I'm on the line, line, line  
Coming ready with my guns and bullets  
'Cause your body is gonna shake, shake, shake

Put me on display  
Fully on display  
I'm doin' it all night, all day  
You know, you know  
I, I can make it rain on you  
Like to play that game with you  
I can make it rain for you

Yeah, said, that's why, that's why I need a gangsta  
That's why, that's why I need a bad one  
That's why, that's why I need violence  
That's why, that's why  
Move in silence, we on fire  
One and your only desire  
If you wanna rock, you can stick by me  
Don't nobody else do this shit like me

Oh, why, oh why, oh why  
You tryna take my, la-la-la-la-la-la-la, lights?  
You don't think, think-think-think, think  
That I ever gonna rea-rea-rea-realize  
Sure you did, on another wave  
Going all the way  
Got it all and I got it like everyday  
Got my music on a replay, replay  
'Cause I keep it real, yeah

Yeah, said, that's why, that's why I need a gangsta  
That's why, that's why I need a bad one  
That's why, that's why I need violence  
That's why, that's why  
Move in silence, we on fire  
One and your only desire  
If you wanna rock, you can stick by me  
Don't nobody else do this shit like me

Oh, why, oh why, oh why  
You tryna take me la-la-la-la-la-la-la, lights?  
You don't think, think-think-think, think  
That I ever gonna realize

Sure you did
