

Get It Right

Tems

Run it up
Bring it down
Make a move
On the ground
Let it go, let it go babe telling you
Telling you babe

Get it right
Don't be shy
Keep it light
Keep it tight
Let it go babe
Come to me, I made a meal
I got something to make you feel
When I come they want to see
They all dying to be with me

If you ball I guarantee
You won't need any referee
All the boys dey on DND
So you know what you mean to me

I didn't finish cause I knew that I was coming back
I didn't move cause I knew that I got it just like that
I didn't ask, I didn't try, I knew that you were mine
I knew that you were mine

Show you the things you like
I always get it right
And if you treat me right
I'll never make you cry

Show you the things you like
All of the things you need
I always get it right
I always get it right

I know you get me
I know I know you get me
I know if you were ready
I know I do it gently
I am not going too far babe
You know I keep it steady
I'm not leaving you hanging babe, giving you hanging
