

# Hold On

Tems

I was one of the millions  
Making anxious decisions  
Looking for a remedy  
Couldn't find a solution

I was one of the people  
Looking for every signal  
Tryna find a memory  
Of a time it was peaceful

Some people hate  
Some people lie  
Some people love to see a grown man cry  
I made mistakes, in like a million ways  
All that I did, I didn't waste my time  
Cause I know I never trade my life  
Maybe you laugh, but in your room you cry  
All from a distance, love is missing  
Fighting for your chance, I said

Hold on  
Hold on  
Hold on  
Hold on

This is for the girl in the dark  
This is for one tryna make it right  
This is for the girl waiting for the sunrise  
This is for the one with a voice inside  
Don't need to run  
When you can breakthrough  
Knowing that I'm covered in all I do  
I won't be influenced by the things I see  
Always look ahead never behind me

I said hold on, you better hold on  
It's gonna find you, it's gonna find you  
It feels right now, ready to fight now  
I'm moving in now, I'm breathing out now

I'm releasing, this inner vision  
I got advantage  
No need to panic

You need reminding  
Let me remind you  
You're gonna find it, it's gonna find you

Hold on  
Hold on  
Hold on  
Hold on

It's the one in you  
The one is calling you  
It's the one in you  
The one is calling you

It's the one in you  
The one is calling you  
It's the one in you  
The one is calling you
